WORK EXPERIENCE

Recruitment Lead, 3 Day Startup Austin

12/14 – present

- Led a bootcamp for 40+ participants on how to start a company in three days
- Interviewed potential participants ranging from college freshmen to young professionals
- Managed a recruitment team of 10 organizers throughout the semester leading up to the event

Self-Employed Blogger, JessicaSlaughter.co

6/14 – present

- Developed this blog on WordPress using the Genesis Framework, HTML, CSS, and JavaScript
- Provide college/healthy living tips to young women and teach others how to blog successfully
- Collaborated with brands including Target, Paypal, Evernote, and Office Depot on sponsored content
- Attained over 200,000 monthly pageviews
- Wrote HTML/CSS tutorials to help non-technical bloggers edit their blog designs

QA Assistant, uSync

8/14 – 12/14

- Created detailed test plans for walking through the application's UI
- Identified bugs quickly and communicated them to the developer
- Collaborated with the team on improving the application and introduced potential features

PROJECTS

JessicaSlaughter.github.io: Created a resume website using HTML, CSS, and JavaScript to learn more about these languages and experiment with front-end ideas. Spring 2017

Chat Room Application: Utilized the Observer design pattern to create a chat room application in Java that allowed for group and private messaging between multiple clients. Fall 2016
